Term 1: Y7 Cells Checklist

Topic	Learning Outcomes	RAG Yourself	
		1	2
Y7 Cells (***revision from last year***)	Draw a labelled diagram of an animal cell including: membrane, nucleus and cytoplasm		
	Compare plant and animal cells using a diagram		
	Describe the role cell organelles e.g. membrane, nucleus, cytoplasm, mitochondria		
	Define specialised cell		
	Explain how the adaptations of specialised cells are linked to their function		
	Order the levels of organisation in organisms		
	Give three reasons why cell division takes place		
	Define communicable disease		
	State the types of organisms which cause disease		
	Suggest ways we can prevent the spread of communicable diseases		
	Give the word equation for aerobic respiration		
	Explain why some specialised cells have more mitochondria than others		
	Describe the effects of exercise on heart and breathing rate		
	Explain why heart rate must increase during intense exercise
