Term 5 Checklist: Forces and Motion

Topic	Learning Outcomes	RAG	
		1	2
Forces and Motion (Revision)	Describe the difference between contact and non contact forces		
	State a range of contact and non-contact forces		
	Draw force arrows on objects that are at rest or moving		
	Calculate the resultant force of an object when two forces are acting on it		
	Explain why an object will start to accelerate using the idea of forces		
	Explain why an object will travel at a steady speed using the idea of forces		
	State the units of mass and weight		
	Explain why your weight changes on different planets but your mass does not		
	"Calculate your mass or weight. Try this one: Earth's gravity is 9.8N/kg, Mr Wormstone has a mass of 78kg. What is his weight?"
