**Q1.** Solids, liquids and gases have different properties and different uses.
Some of these are described in the table.

Tick either **one** or **two** boxes in each row to show whether a solid, liquid or gas matches the description in that row.

| property or use | solid | liquid | gas |
|---|---|---|---|
| it is used to build rigid or stiff structures | | | |
| it flows easily through a pipe or tube | | | |
| it can be squeezed into a much smaller volume | | | |
