Q1.

Solids, liquids and gases have different properties and different uses.
Some of these are described in the table.

Tick either **one** or **two** boxes in each row to show whether a solid, liquid or gas matches the description in that row.

property or use	solid	liquid	gas
it is used to build rigid or stiff structures			
it flows easily through a pipe or tube			
it can be squeezed into a much smaller volume			

4 marks

Q1.

solid	liquid	gas
