Q1.

The drawing shows a baby inside its mother's uterus.

Some substances pass from the mother's blood to the baby's blood.
Other substances pass from the baby's blood to the mother's blood.

Which way, if any, do the substances in the table pass?
Tick **one** box in each row.

substance	passes from the mother's blood to the baby's blood	passes from the baby's blood to the mother's blood	does not pass between the mother's blood and the baby's blood
poisons from cigarette smoke			
oxygen			
digested food			
carbon dioxide
